

Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Please, reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I am paying for and deserve. Commercial radio is useless to me and many like me. Commercial radio does not cater to the highly educated, professional, 20-somethings. The music they play is canned, corporate, and tiresome. The DJ's are worse and they do not offer programs for an educated listener.
